Bioenergy Insight 2017 programme

3rd October 2017

Pre-conference Whisky Distillery Tour

Join us to visit the picturesque Glenkinchie distillery and experience a real taste of Scotland. Your visit begins in their unique exhibition on the original Malting Floors, home to the renowned model distillery. You will then be met by your guide and led through the distillery production area, learning how they make their 'water of life'. To finish your tour, you are welcomed into the bar for a tasting of the Glenkinchie Whiskies.

Email tracy@woodcotemedia.com to register your interest.

DAY ONE:

4TH OCTOBER 2017

9.15 Welcoming remarks from the Chair

Martin Tangney, President, **Celtic Renewables**

9.30 Advanced biofuels strategy through to 2030

Rob Wakely, Head of Low Carbon Fuels Division, Energy Technology and International Directorate, **Department for Transport (DfT)**

10.00 Investing in advanced biofuels: technology options and policy support

Andrew Murfin, General Manager, Advanced Biofuels, **Shell**

10.30 Networking break

11.00 Topic TBC

Chris Stark, Director of Energy and Climate Change, **Scottish Government**

11.30 UK policy uncertainty, reintroducing E10 and the future of the bioethanol market

Grant Pearson, Commercial Manager, **Ensus**

12.00 Q&A with this morning's speakers – panel

12.45 Networking lunch

Session 1 The big picture

2.00 Opening remarks from the Chair

2.15 Mapping the supply chain

- An industry in transition: Global overview
- Analysing recent trends and forecasts in global wood pellet supply
- Understand how wood pellet producers are responding to global shifts

William Strauss, Founder and President, **Future Metrics**

2.45 Maintaining number one spot as leading wood pellet producer

- Case study: Twelve years of evolution and operational excellence

Harold L. Arnold, President, **Fram Renewable Fuels**

3.15 Networking break

3.45 Ensuring sustainability at scale

- Analysing the three pillars of sustainability: Certification, transparency, and care for the forest landscape

Daniel Davidson, International Sales Director, **Enviva**

4.15 The bankability factor: investors and incentives

- Financing bioenergy projects

Chris Holmes, Head of Waste & Bioenergy, **Green Investment Group**

4:45 Close of Conference
and Networking Drinks Reception

To find out more contact George Doyle on +44 (0) 203 551 5752 – george@bioenergy-news.com

DAY TWO: 5TH OCTOBER 2017

9.15 Welcoming remarks from the Chair

9.30 Brexit effect on bioenergy market

- Exploring the role of bioenergy in the industrial strategy post-Brexit

Nina Skorupska, CEO, **The Renewable Energy Association (REA)**

10.00 Update on the wood-based bioenergy sector in North America

- Wood-based bioenergy in North America: All roads lead to pellet exports

Richard Vlosky, Director, **Louisiana Forest Products Centre**

10.30 Greening the UK's biogas system

- A look at biomethane 2012-2020: How will the market develop?

John Scott Kerr, MD, **Future Biogas UK**

11.00 Networking break

11.30 Green your fleet

- Biomethane as a commercial and sustainable fuel for buses and trucks

Jonas Strömberg, Director for Sustainable Solutions, **Scania**

12.00 What is next for energy-from-waste plants in the UK?

Dan Cooke, Director of Regulatory Affairs, **Viridor**

12.30 The opportunity for development of the circular economy

Richard Gueterbock, Director & Founder Shareholder, **Clearfleau**

1.00 Networking lunch

2.10 Introduction from the chair

2.15 Latest in pyrolysis AD systems

- Integration of pyrolysis and AD. How biogas production can benefit?

Dr Jan Mumme, Agricultural Engineer, **Edinburgh University** and Founder of Start-up Company **Carbogenics**

2.45 The future of gas from a UK perspective

- The role of BioSNG in the decarbonisation of heat and transport
- The prospects for large-scale supply of renewable gas following the [National Grid Gas Distribution] supported demonstration and commercial waste to energy plants in Swindon

David Pickering, Project Manager, BioSNG, **Cadent Gas**

3.15 Networking break

3.45 Outlook for Bioenergy market

Jeremy Woods, Lecturer in Bioenergy, **Imperial College**

Please note that delegates have full access to both Biofuels and Bioenergy streams at no extra cost. You only need to register once for both events.

TWO BIO EVENTS FOR ONE GREAT PRICE!
